Dear Dr. Linton:

Attached is an exemption from Nevada Commission on Postsecondary Education (CPE) licensure pursuant to NRS 394 for Solex to provide the following course:

Intensive English Program

The course being offered does not meet the definition of postsecondary education and therefore not required to be licensed (NRS 394.098).

This exemption is valid for the course listed on the license evaluation form and is non-transferable. Failure to immediately bring any changes related to the information submitted to the agency for review will invalidate this exemption.

Sincerely,

Kelly D. Wuest
